

2019 WESTERN CANADA SUMMER GAMES CANOE-KAYAK TECHNICAL PACKAGE

Every Games' coach, manager, Sport Chairperson and Mission staff has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games as well as affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the Technical Committee of the Western Canada Games Council through his or her Chef de Mission or Provincial/Territorial Sport Organization.

Technical Packages are developed primarily by the Western Canada Games Technical Committee in conjunction with the various Provincial/Territorial Sport Organizations, following principles, guidelines and requirements of the Western Canada Games Council. As the overall governing body of the Games, the Council has the ultimate authority for Technical Packages.

If an individual wishes to initiate a change to a Technical Package leading up to a Games, the desired change should be first directed to the Provincial/Territorial Sport Organization or the Chef de Mission. The P/TSO or Chef will evaluate the merits of the change and will, if it has merit, submit the requested change to the Technical Committee of the Western Canada Games Council. The P/TSO or Chef will submit the rationale for the change. Changes to age groups, eligibility requirements, team sizes or staff complements will not be considered after three years prior to the Games. Substantive changes to events or competition formats will not be considered after 18 months before the Games. Minor corrections will be considered at almost any time, but will be increasingly difficult to achieve within six months of the Games. Changes made by the NSO's regarding WCSG alignment to the Canada Games will not be considered after April 1, 2018. These time frames reinforce the importance of complete understanding of the Technical Package early.

11. Where a team/province/territory/Chef wishes to challenge the eligibility of an athlete on another provincial/territorial team, it is expected that such a challenge will be made as soon as the protesting team knows that an athlete may be ineligible.
